On 21 March 2018, the Hong Kong Legislative Council passed The Inland Revenue (Amendment) (No. 7) Bill 2017 (the "**Bill**") which introduces the two-tiered profits tax rates regime. The Bill was signed into law on 28 March 2018 and was gazetted on the following day. Under the two-tiered profits tax rates regime, the first HK\$2 million of profits of the qualifying group entity will be taxed at 8.25%, and profits above HK\$2 million will be taxed at 16.5%. The profits of group entities not qualifying for the two-tiered profits tax rates regime will continue to be taxed at a flat rate of 16.5%.

Accordingly, the Hong Kong Profits Tax of the qualifying group entity is calculated at 8.25% on the first HK\$2 million of the estimated assessable profits and at 16.5% on the estimated assessable profits above HK\$2 million for both periods.

The calculation of basic loss per share for the three-month periods ended 30 June 2019 and 2020 was based on the loss for the three-month period attributable to owners of the Company and the weighted average number of ordinary shares.

As the Company's outstanding share options where applicable had an anti-dilutive effect to the basic loss per share calculation for the three-month periods ended 30 June 2019 and 2020, the conversion of the above potential dilutive shares is not assumed in the calculation of diluted loss per share.

### 9. DIVIDEND

No interim dividend has been paid or proposed by the Company since its incorporation. No dividend has been paid or declared by the Company for the three-month period ended 30 June 2020 (for the three-month period ended 30 June 2019: Nil).

### **10. EVENTS AFTER THE REPORTING PERIOD**

The COVID-19 outbreak and the latest government anti-pandemic measures announced on 13 July 2020 has brought about additional uncertainties in the Group's operating environment and has impacted the Group's operations and financial position. The Group has been closely monitoring the impact of the developments on the Group's businesses and will review existing contingency measures. The Group's existing contingency measures include, but is not limited to:

- (i) application for the Employment Support Scheme under the second round of the Anti-epidemic Fund launched by the Hong Kong Special Administrative Region Government to obtain financial support;
- (ii) minimising expenditures and negotiating lower restaurants rentals; and
- (iii) revisiting the operational performance of each restaurant and adjusting our future restaurants expansion plan.

Since the development of the COVID-19 remains uncertain, it is not practicable to estimate the full financial effect that the COVID-19 outbreak may have had on the Group's operations.

The Group's operations, financial performance and condition were affected by the outbreak of the COVID-19 (the "**Pandemic**") during the three-month period ended 30 June 2020. Since June 2019, consumers' sediment became sluggish and the demand for dining and catering was affected in the midst of widespread social movements across the territory. The financial performance of the Group was further worsened by the Pandemic. The Pandemic severely diminished the demand for dining and catering and in response to the Pandemic, the Hong Kong government imposed certain anti-pandemic measures and consumers generally preferred to stay indoors, avoid dining out and maintain social distancing, the service capability of the restaurants operated by the Group was reduced and the number of customers visiting the Group's restaurants has decreased. As a result, the Group's revenue and operating cash flows worsened during the three-month period ended 30 June 2020. As at the date of the Quarterly Report, the development of the Pandemic remains uncertain. In response to the uncertainty in the Hong Kong economy and in particular the catering industry, the Group will take conservative and prudent business strategies in order to support daily business operations and to cope with the economic uncertainty in the near future, as well as seeking opportunities to strengthen our position in operating restaurants at the HKIA whilst continuing to look for suitable opportunities to expand our business in the urban area of Hong Kong.

The relatively high and stable gross profit margin for the restaurants operating for the three-month periods ended 30 June 2019 and 2020 were attributable to the centralisation of purchases in bulk orders and the discounts through the centralised warehouse services from a services provider to the Group.

#### MATERIAL ACQUISITION AND DISPOSAL OF SUBSIDIARIES

There was no other material acquisition or disposal of subsidiaries, associates or joint ventures for the three-month period ended 30 June 2020.

#### SIGNIFICANT INVESTMENTS HELD

During the three-month period ended 30 June 2020 and as at 30 June 2020, the Group did not hold any significant investments.

#### LIQUIDITY AND FINANCIAL RESOURCES

#### **Capital structure**

There has been no material change in the capital structure of the Company since 31 March 2020.

#### **Cash position**

As at 30 June 2020, the cash and cash equivalents of the Group amounted to approximately HK\$37.4 million (as at 30 June 2019: approximately HK\$81.9 million), which were mainly denominated in Hong Kong dollar, representing a decrease of approximately 54.3% as compared to that as at 30 June 2019. The decrease was mainly resulted from (i) repayment of bank borrowings, (ii) consideration payment for further acquisition of remaining shares of certain subsidiaries of the Group, and (iii) supporting the Group's daily business operations during the period under the impact of the social movements during late 2019 and the Pandemic.

#### Borrowing

As at 30 June 2020, the total borrowings of the Group, all of which were denominated in Hong Kong dollars, amounted to approximately HK\$20.7 million (as at 30 June 2019: approximately HK\$47.0 million) and no outstanding committed banking facilities (as at 30 June 2019: approximately HK\$7.6 million). Among the borrowings,

- 1. approximately HK\$7.6 million was derived from the bank borrowings which bears interest rate at 4.13% per annum was fully repaid before 30 June 2020; and
- 2. approximately HK\$20.7 million was derived from lease liabilities of the Group's properties and motor vehicles (as at 30 June 2019: HK\$39.4 million was derived from lease liabilities of the Group's motor vehicles) ranging from 1.99% to 5.19% per annum (as at 30 June 2019: ranging from 1.99% to 5.19% per annum). The decrease was mainly attributable to the drop of number of operating restaurants during the three-month period ended 30 June 2020 comparing to the same period of 2019, which caused the lower of lease liabilities arising from rental of operating restaurants during the period.

#### **Pledge of assets**

As at 30 June 2020, the carrying amounts of motor vehicles of approximately HK\$0.2 million was pledged (as at 30 June 2019: HK\$0.3 million).

#### **Gearing ratio**

As at 30 June 2020, the gearing ratio of the Group was approximately 35.7% (as at 30 June 2019: approximately 39.8%). The decrease was mainly attributable to the decrease of lease liabilities and bank borrowings during the period. The gearing ratio is calculated based on the total borrowings, which include bank borrowings and lease liabilities divided by the equity attributable to owners of the Company at the end of the respective period.

#### **COMMITMENTS**

As at 30 June 2020, the Group had outstanding capital commitments of approximately HK\$133,000 (at 30 June 2019: approximately HK\$1.0 million).

#### **CONTINGENT LIABILITIES**

As at 30 June 2020, the Group had no significant contingent liabilities (as at 30 June 2019: Nil).

#### FOREIGN EXCHANGE EXPOSURE

The Group operates in Hong Kong with majority of the transactions being settled in HK\$, United States dollar ("**USD**") and Renminbi ("**RMB**"). Foreign exchange risk arises from future commercial transactions, recognised assets and liabilities, which are denominated in a currency that is not the functional currency of the Group.

The Group is not exposed to foreign exchange risk in respect of HK\$ against the USD as long as this currency is pegged.

Since the transactions and monetary assets denominated in RMB are minimal for the three-month periods ended 30 June 2019 and 2020, the Group considers that there was no significant foreign exchange risk in respect of RMB for both periods.

The Group did not have any foreign exchange contracts, interest or currency swaps, other financial derivatives or any financial instruments for hedging purposes for the three-month periods ended 30 June 2019 and 2020.

#### PROSPECTS

Our strategic objective is to continue to strengthen our position in operating restaurants at the HKIA and diversify our business in the urban area of Hong Kong, and strategically looking for opportunities to introduce popular restaurant brands to both the HKIA and the urban area of Hong Kong through franchising or other cooperative arrangements.

However, due to the adverse impact of the internal and external environment such as economic recession and the Pandemic, we decided to take conservative and prudent business strategies in order to support daily business operations and to cope with the economic uncertainty in the near future. In view of these uncertainties and the existing market conditions, we will focus on maintaining sufficient general working capital to support the daily business operation of the Group, and also will carefully look at the business trends as well to determine if there is a strong entrepreneurial environment for us to lean on. We shall thus remain conservative and prudent towards its profitability in the coming months and will continue to manage the Group's expenditure and keep monitoring and searching for market opportunities for our expansion plan in order to improve financial performance.

Looking ahead, we will endeavour to strengthen the development of its existing businesses and to provide steady return as well as growth prospects for the Shareholders.

Therefore, the Board considers that the deviation from paragraph A.2.1 of the Code is appropriate in such circumstance.
